Dear Chairwoman Lee and Ranking Member Rogers:

Thank you for your leadership in supporting life-saving programs to remove ordnance, mines, and other explosive remnants of war left on battle fields around the world. We write to respectfully request that the Committee support \$262,850,000 for Conventional Weapons Destruction (CWD) programs within the Nonproliferation, Antiterrorism, Demining and Related (NADR) account at the U.S. Department of State. Over the past several years, we have been pleased to see strong overall support for CWD programs. However, additional resources are needed for valuable global humanitarian demining and weapons security programs. Underfunding these life-saving programs could jeopardize the goal of eliminating U.S. legacy ordnance in Laos, Vietnam, and Cambodia and slow progress toward creating a mine-free Sri Lanka, Angola, and Zimbabwe. Further, additional demining funds are needed to advance stability in Afghanistan and remove threats to civilians and any remaining U.S. and coalition forces.

Since the end of Sri Lankaøs decades-long civil war in 2009, U.S. demining assistance has been critical to allowing thousands of displaced families to return to their homes and develop their land. U.S. demining efforts have also enabled the reopening of schools and hospitals, the reconstruction of thousands of homes, and the reconstruction of the Jaffna railway ó enabling access to Sri Lankaøs northern ports. More than 254,000 mines have already been destroyed, and increased funding will keep Sri Lanka on track to be mine-impact free in the near future.
